

Assignment No 1 (Codes)

Code 1 : Positive Number

```
public class Positive{  
    public static void main(String[] args){  
        int num1 = 10;  
        if(num1 > 0){  
            System.out.println("Given number is positive number");  
        }else{  
            System.out.println("Givem number is not positive number");  
        }  
    }  
}
```
